Alex Example

Backend Developer | Amsterdam, Netherlands | alex@example.com | +31 6 0000 0000 | example.com/alex

Profile

Backend developer with several years of experience building reliable web services. Replace this paragraph with two or three sentences about who you are, what you build and what you are looking for. This is a fictional sample document: Alex Example is not a real person.

Experience

Backend Developer, Example Corp, Amsterdam
2022 - present

- Designed and shipped a REST API used by 50,000 customers; describe the result, not only the task.
- Cut p95 latency by 40% by adding caching and fixing slow queries; use a number where you honestly can.
- Mentored two junior developers and introduced code review guidelines.

Junior Developer, Sample Systems BV, Rotterdam
2019 - 2022

- Built internal tools in TypeScript and Java; migrated a legacy batch job to a queue-based service.
- Wrote automated tests that raised coverage from 30% to 85%.

Education

BSc Computer Science, Example University, Delft
2015 - 2019

Skills

TypeScript, Java, SQL, PostgreSQL, Docker, REST, CI/CD, testing

Languages

English (fluent), Dutch (basic)
